

GROWING YOUR ART

Jasmine's Gardens | Quarterly Newsletter

In this issue:

- Our projects
- Garden art
- Spring bulb orders
- Fabric hoses
- Holiday decorating

It's harvest time!

It's fun to experience nature so deeply through the seasons. The harvest comes in strong — both with plants and with what we have cultivated in our lives this season.

Our projects

Our crew has worked through hurricanes and heat to complete some amazing projects this season.

Check out our updated [website](#) to see our projects.

"We love our waterfall. Jasmine & Dave did a great job of incorporating it into our existing landscape...like it's always been there! It's so relaxing to sit on our front porch in the late afternoon and listen to the water! [We even have an app-controlled on/off switch that works from our phones or anywhere in the house.]" ~ Anne & Don Moell, Boone, NC

"Flexibility" of fabric hoses

- 1) Expands to 3x its length when water pressure is on
- 2) Contracts to its original length when pressure is off
- 3) Weighs 5x less than traditional garden hoses
- 4) Drains itself when not in use
- 5) Never tangles, twists, or kinks
- 6) Easy to store in very small spaces

Spring bulb orders due!

Want spring flowers?

*Order bulbs by Oct. 31st

Holiday decorating (\$25/hr)

Ditch the ladder...Enjoy the holidays! Let us do some (or all) of the decorating this Oct-Jan.

On garden art

"I plant my garden hoping that something will bloom during each season. [I also keep] something green so that the winters will not be so stark. Jasmine built me three absolutely beautiful planters and adorned them with copper metal pipes and the skull of a deer. I grow vegetables as well as flowering plants in them. I chose the colors dark blue, rustic red, and rustic orange for the planters and I carry those colors through the flowers and the ornaments. I use any materials available [for my garden art] — It's just something that catches my eye."

- Janice Lacapra;
Blowing Rock, NC

Ordinary magic exists in every part of the day. ~ Jasmine ShoShanna
